

Product Sheet

Smart2Mix

Increasing Efficiency

Next Level On Site Tinting

Speed and Precision

When fast availability of various colors and constant accuracy are paramount, ALEXSEAL® offers the right tool to boost up your process.

Teaming up with Fast & Fluid, industry leader in professional tinting technology, we are able to provide a solution, that brings our customers both economical and sustainable benefits.

Compact Setup, Easy Operation

With its compact design and precise dispensing, the mixing machine HA480 is the new standard in tinting. The improved dispense speed, ZeroPurge™ piston pump and AutoDrive™ technology ensure future-proof efficiency and reliability for your business operation. User friendliness reaches new heights with the first-ever digital Operator Display, and the Service Dashboard ensures all data is readily available for easy on site adaption and serviceability.

Less Waste, Logistical Independence

Working with a variety of different colors and shades on a daily basis brings significant efforts in handling, storage and logistics. Our Smart2Mix solution is the key to reducing packaging waste, excess materials and process delays due to unavailable colors. Now you are able to get the right color at the right moment in just the right amount.

SMART 2 MIX

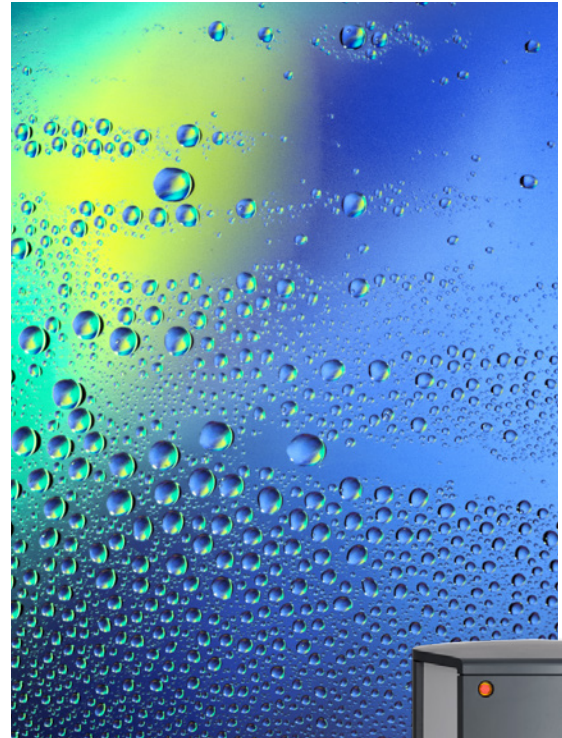

Trusted Quality

Following our approach of combining product performance with process efficiency, we optimized our coating systems to be compatible with the Fast & Fluid HA480 – making the well known ALEXSEAL® quality available 24/7 on site.

Use of ALEXSEAL® Products

Please be note that all ALEXSEAL® products are intended for professional use only and the application process must be carried out by professional users in accordance with the respective material data sheets. The information contained in this data sheet as well as in any ALEXSEAL® material data sheet is based on our level of research and development. Revisal by the user with regard to the intended aim is necessary due to the diverse processing and application possibilities. In case of any doubts regarding the properties and use of our product, please contact your local dealer. Any liability on part of Mankiewicz for faulty applications and / or improper use and any damage arising thereof is expressly excluded whether based on warranty, contract law, torts, negligence, strict liability, misrepresentation or any other area of law except as required by mandatory applicable law.
