To whom it may concern

Dear Madam or Sir,

With TISAX (Trusted Information Security Assessment Exchange), the ENX Association supports the joint acceptance of information security assessments in the automotive industry on behalf of the VDA. The TISAX assessments are carried out by audit providers who demonstrate their qualifications at regular intervals. TISAX and the TISAX results are not intended for the general public.

Mankiewicz Gebr. & Co (GmbH & Co. KG) and their production sites FINALIN GmbH and NORIX Lackfabrik GmbH & Co. KG place a strong focus on the confidentiality, availability and integrity of information. We have taken extensive measures to protect confidential information. In doing so, we are guided by the information security questionnaire of the German Association of the Automotive Industry (VDA ISA). The assessment was carried out by an audit provider, in this case the TISAX audit provider TÜV Süd Management Service GmbH, and the results can only be accessed via the ENX portal: <https://portal.enx.com/en-US/TISAX/tisaxassessmentresults>.

Best Regards,

Mankiewicz Gebr. & Co. (GmbH & Co.KG)
